After the initial setup, our users are able to learn to log time and expenses in a matter of minutes.. The Workamajig interface is night and day better than the previous Creative Manager Pro.

On Monday released, which adds the ability to calculate project milestone dates from its end or start dates.. Php/MySQL like everyone else would have been a better decision It is cheaper, more reliable and more efficient.. For details on the purchased version, contact Creative Manager Inc For more information.. Creative Manager Pro (at is the only Ad Agency software and Project Management Software for the Creative Design industry, created exclusively for design firms, ad agencies, in-house creative/MarCom departments, and creative service firms.. 4 4 is optimized for Apple's iPhone and iPod Touch and features support for Apple Mac OS X Leopard.

It works with both PC and Macintosh from any location over any connection It may also be installed locally on the client's own servers.. Another poor choice of platforms Look at the market Everyone else is going to AJAX enabled web interfaces.. Or at least give it a chance I will follow up soon to report on how it goes Creative Manager Inc.. Creative Manager Pro continues to invest, adding new features that work with Apple's latest Tiger Mac OS X and future Leopard Unix-based Operating System and Microsoft Windows.

This tight integration takes advantage of the advanced media buying abilities built into Strata, and the industry-leading agency management features in Creative Manager Pro.

We've purchased a great deal of support with the software and have already worked our way through half of our support hours. 3 7 and iCal 1 5 5 to the Creative Manager Sync interface Creative Manager Pro is a Web-based application that works on both PCs and Macs from any location and over any connection. From the screenshots I've seen, it is just as unintuitive, it just has a Flash interface - which means it won't work on most mobile devices.. Many of the new features have been rebuilt in Flash, giving the financial system improvements in speed unattainable otherwise.. Sometimes he can't connect to our server so the whole hour is wasted We are connected at the same time from Europe and we haven't been able to diagnose the international routing issues that could cause these issues.. No installation or conversion will be necessary, and the update is free to all users of Creative Project Manager and Creative Manager Pro.
